Re: Garbage and Recycling Collection

Dear Town Resident:

The purpose of this letter is to outline important changes that the Town of Sheboygan will be making to the garbage and recycling collection service for your household.

You may or may not be aware of problems that some Town residents have experienced with the Town's current garbage and recycling provider.

As a result, the Town began investigating options to improve garbage and recycling services for Town residents. The Town solicited proposals from other service providers. Harter's Lakeside Disposal, LLC ("Harter's") submitted the lowest cost proposal and was selected by the Town Board to be the Town's new garbage and recycling service provider effective as of December 1, 2021. Harter's proposal, however, was at a higher cost than the existing service agreement with Advanced Disposal Services Solid Waste Midwest, LLC ("ADS"). To reduce cost, it was determined to go with by-weekly recycling pick up which most communities are currently doing. The Town and ADS mutually agreed that ADS would terminate service in the Town effective November 30, 2021.

ADS and Harter's will coordinate the pickup of your existing ADS carts and the collection of garbage and recycling during the last week of November and the first few days of December using your existing ADS carts. Garbage will be picked up weekly and recyclables will be picked up bi-weekly (please see attached schedule and route map). Commencing Tuesday November 30, 2021, the Town will switch to Tuesday, Wednesday, and Thursday collection days. To be clear, this means the entire Town will not be picked up on Thursdays.

Commencing Monday, November 29, 2021, new Harter's 95-gallon garbage and recycling carts will be delivered to your residence. The new carts will be dropped off at the end of your driveway on your new collection day. If you would prefer a smaller 65-gallon cart, contact Harter's directly at 920-207-4258. The 35-gallon carts will no longer be available. Harter's will provide information hangers on the new carts regarding garbage and recycling pick up, including a 2021 and 2022 garbage and recycling calendar, and a brochure on curbside recycling guidelines.

The existing ADS carts will be picked up and taken away by a third-party contractor hired by ADS. After your ADS carts have been emptied for the final time (which is expected to be between November 29, 2021, and December 2, 2021) please lay your ADS carts on their sides near the end of your driveway for pick up and removal.

On and after December 1, 2021, if you have a broken cart or have a missed pick up, please call Harter's at 920-207-4258. If you have any other questions, please call the Town of Sheboygan Department of Public Works at 920-451-2320.

Very truly yours,

Daniel W. Hein  
Town Chairperson

Thomas J. Holtan, P.E.  
Director of Public Works\Engineer
